

Tenda

All for better networking.

W15E

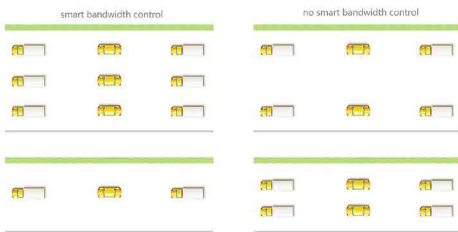

AC1200 Wireless Hotspot Router

www.tendacn.com

High Density User Access

Adopt of 11ac dual band 1167Mbps rate,airtime fairness,5G bandsteering etc wireless optimization technology to improve wireless user capacity and ensure high qualified Wi-Fi connection.

Smart Bandwidth Control

W15E features with smart bandwidth management. It will adjust each user's download and upload bandwidth automatically according to all users bandwidth usage to avoid bandwidth insufficient.

Multi WAN Load Balance

W15E supports 3 WAN ports. It can realize bandwidth averaging between two WAN ports base IP Group. Also it reserve the possibility of bandwidth expansion in the future.

Captive Portal

W15E integrates with captive portal service. A landing page will pop-up when mobile device connect to wifi network. Once username and password is provided, the user will be able to access Internet.

PPTP/L2TP/IPSec Server

W15E supports multiple VPN protocols including IPsec, PPTP and L2TP in Client/Server mode. It is easily to setup a secure data link between branch and headquarter through LAN-to-LAN/Client-to-LAN mode.

Specifications

Hardware Specifications

Dimension	225*135*30(mm)(LxWxH)
Frequency	2.4GHz\5GHz
Wireless Speed	300+867Mbps
RAM	128MB
FLASH	8MB
Max Power Consumption	9W
Interfaces	4*FE(1~3 WAN/ 1~3 LAN)
Power	9V 1A

Hardware Specifications

Max user capacity	50
Max Wifi user capacity	30
Internet Connection Type	PPPoE/DHCP/Static IP/Russian L2TP/India
Authrization Service	Captive Portal
Captive Portal	50 Portal Accounts Customize E-bulletin
Bandwidth Control	Smart Bandwith Control Manual Definition
Internet Access Control	IP/mac/URL Filter
VPN Protocal	PPTP、L2TP、IPSEC
Port Forwarding	Port Forwarding DMZ
Security Setting	DDoS Protection ARP Attack Protection
DDNS	Support
UPNP	Support
Firmware Upgrade	Local online Upgrade
System Tool	Schedule Reboot Restore or Backup Configuration
Network Status View	Network structure topology Traffic Statistics
